

## On This Side Of The Sun

By Phat

**STRATEGIST** — Maurice McCann, en route to the Mt. Whitney country for a vacation of fishing, riding and hiking, stopped at a little Mojave desert town for a cooling drink. Being a stranger, he was immediately surrounded in the town's tavern by bar flies and B-girls. Unruffled, the wiley McCann casually remarked: "I hope the coca cola is good and cold." Immediately—he was alone. . . . Bob Moore, writing from Jacksonville, Fla., enclosed a sample of Florida's ordinary mosquitos. It was about the size of a small bee—a regular four-motored mosquito. . . . Florida apparently is going after New Jersey's laurels as well as California's. . . . So you think lightning only strikes once? Westinghouse engineers took a movie of a thunderbolt in North Carolina and found that it consisted of 31 consecutive strokes, all hitting the same spot within 6/10 of a second.

**WEATHER**—At first I thought people just were trying to be nice when they kept asking "Isn't it a nice cool July?" But I checked back and find the old-time Villagers are right. . . . For instance—the six days ending Wednesday: This year the average maximum for that period was 103, last year, 108 and the year before 111. . . . And the nights, too, are several degrees cooler this year than last. . . . Hottest July day on record this year was July 8 when the mercury hit 115. On July 6, last year, the peak was 119 and on July 7, last year, 117. . . . In 1941 while the peak was 115, same as this year between July 1 and 22, there were three days of that and many days of around 114 and 113. So cheer up. It isn't so hot. . . . On the other hand, maybe we haven't seen anything yet.

**THIS MECHANIZED AGE** — Everything is being done by machinery now. Saw an ad in the Sun last week: For sale — Baby washer. What won't they think of next? . . . "Two weeks ago you wrote that life is made up of compensations, of checks and balances and cited a few examples," pencils a Villager. "Here's another example: Men break horses and a little later when the horses are two years old and over, it's their turn to get even." . . . Another Villager spends a penny to be unpatriotic to the extreme. She postcarded: "The difference between us is purely typographical. I'm summing here, you're summing there."

**HONESTY** — The other day I complained bitterly because some one had picked up from my desk the nice new pencil I had just found on another desk. Which promptly brought on the story about the wife who told her husband his friends were crooks. "On that last week-end house party they stole all of my Pullman towels and Biltmore spoons," she said. . . . Last week Bill Hillery took a crack at me in his column. This week I had a beautiful chance to get even. Bill wrote "Cathedral City is a better place to live in" and the linotype operator left the 'v' out of 'live.' The temptation to let it ride that way was great but I manfully marked the 'v' back in.

**THE SKIRTED ARMY** — The WACS are really in the army now. One of them was reported AWOL the other day. She just had to see her son, aged 4, she said. That's something new the army will have to figure on—mother love. . . . Fellow tells me he offered a ride to a trim girl in a uniform last week and almost got a black eye. To make conversation he asked: "And how does it seem to be a Wave?" She almost socked him. "I'm a MARINE" she said. . . . Tattoos report (Continued on page Four)

## Seek One Missing Dog To Save the Life of Another

Although soldier friends of her husband, military police and other friends have maintained a vigilant watch, Mrs. W. B. Watson, wife of Sgt. Watson, stationed at Torney General Hospital, still has not found "Toy," her missing Pekinese dog.

"Toy" disappeared about two months ago and unless he is found soon, the Watsons may lose their other pet, another Pekie, and the missing Toy's "wife." The little Pekie who stayed at home when Toy disappeared is grieving for her lost mate so that the Watsons, who live at the Las Casitas, 1200 South Palm Canyon drive, fear she will die unless her pal is found soon.

## First Wac Contingent In Village

Group Activated As HQ Squadron At Air Base Here

A cadre of the Women's Army Corps arrived in Palm Springs this week for duty with the 21st Ferrying Group, Ferrying Division, Air Transport Command, and was activated at the 878th WAC Post Headquarters squadron, Army Air Forces, it was announced by Lt. Col. Andrew B. Cannon, post commanding officer. Three officers were included in the advance guard that arrived more than ten times the number of enlisted women who reported are enroute here, it was said.

### NOW INSTALLED

Supervising their installation at the local army air field was Capt. Geraldine P. May, WAAC staff director for the Air Transport Command. Commanding officer of the 21st Ferrying Group's squadron is First Lt. Theodora Smith and her two assisting officers are Second Lts. Helen Lillian Juckett and Joyce C. Went.

Lt. Smith in civilian life was a secretary. A native of Kansas, she later lived in Washington, D. C., and entered the WAC as an enlisted woman last October. She earned degrees at Mills and Radcliffe colleges, majoring in English and is a member of Phi Beta Kappa.

### WIN COMMISSIONS

Lt. Juckett is from Illinois and entered the service in January and was commissioned in May. She was a secretary and office manager in civilian life. Lt. Went was a librarian and was also commissioned in May after joining the army in October, 1942. Her home is in New Jersey and she won her B. A. degree from the State Teachers' college at Montclair, N. J. She served at four WAC centers before coming here.

### VARIOUS JOBS HELD

Varied civilian jobs were held in civilian life by the enlisted personnel. Pvt. Billie R. Reese was employed by a telephone company and was a student flyer. First Sgt. Helen Marie Davis was an Illinois shoe company employee and in high school was a star in soft-ball, basket-ball, hockey and bowling.

Pvt. Edna Mae Graham, who attended the University of Washington, was a supervisor in sanatoriums in Culver City and Glendale before she enlisted in the WAC. Pvt. Miriam K. Hoen majored in home economics at the University of Minnesota and entered the service in Minneapolis in February.

### ONE FROM HUNGARY

Cpl. Rozelle Hyne Le Broca is from Louisiana and was a librarian and a department head in a department store. Pvt. Cfeo Musetta McHugh, of Iowa, taught school in Iowa for three years after leaving Iowa State Teachers' college. She joined the army also in February. One woman, T-4 Esther F. Helms, was born in Hungary and joined the WAC last December in Newark, N. J.

Others did various types of work previous to becoming women soldiers. They are all volunteers and their duties at the army air field here will be to replace soldiers who hold duties now that women can perform.

### WILL DO GOOD JOB

"We know the WAC will do a good job in Palm Springs," said Capt. May, "and we are confident their value will be soon recognized. I want to explain that our women can only replace male military personnel at the Post—that being the sole purpose of the WAC, to relieve men for other duty."

## Plea for Outdoor Dining Spot Denied

Application of Edward Trinz of Los Angeles for a permit to establish an outdoor eating place where sandwiches and soft drinks would be dispensed, was denied by city council Wednesday night.

## Municipal Pool to Be Continued

Council Votes, 4 to 2, To Keep Project Going

By a vote of four to two, city council Wednesday night voted to continue the recreational swimming pool project until September 12 after reports on the first month of operation were presented by Councilman Frank W. Cutler.

Business at the pool is increasing steadily, it was pointed out, and receipts are steadily mounting.

At the present rate, Councilman Cutler said, the cost to the city will be between \$300 and \$350 for the summer.

### VOTE EXPERIMENT

Council in June voted an experiment in the use of a private pool as a municipal project and appropriated funds for a one month test of the project. The pool is on the property of Mr. Cutler.

Councilman Cutler Wednesday evening told councilmen that in his opinion the success of the project, despite handicaps, indicated that a municipal pool would be a profitable venture for the city.

The pool is being used beyond expectations even though it is too small and in an out of the way spot.

### FOUR TO TWO VOTE

He believed a large, centrally located pool, would be a success.

Half of the patrons of the pool now are children, he said, and it was estimated that 1000 youngsters enjoyed the pool each month.

Councilman Philip Boyd then moved that the city continue to operate the pool until the end of the summer season, Sept. 12. Councilman Eugene Theriault seconded. The vote was four to two with Cutler, Boyd, Theriault and John Connel voting aye and Mayor F. V. Shannon and Councilman C. P. Adams, no. Councilman Adams said he was under the impression the project was to be abandoned if it didn't carry itself and the mayor said his vote was prompted by the added expense to the city.

## 20 Badges Ordered By Councilmen for Volunteer Firemen

Twenty badges for the volunteer fire department, designating their status, will be bought by the city as result of action taken Wednesday night by city council. The badges will cost \$2.30 each.

Recently Fire Chief Bill Leone requested authority to increase the volunteer department to 20 men with the view of training them to take charge of the control room in that event of blackouts or other emergencies and requested the badges for them.

Council authorized the increase and detailed the chief to study the cost of badges. Chief Leone's report was presented Wednesday night and approved.

## Continuance of Citizens' Bus Line Service Up to People of Village, Is City's Decision

Whether the Citizens Bus Line, which for several months has been plying up and down Palm Canyon drive as a convenience to citizens who have to save gasoline and rubber, will continue during the summer months, is up to the citizens of Palm Springs.

The bus line was urged by Earl E. Gibbs, director of civilian defense here, when the pinch of gasoline rationing began to be severely felt, to afford transportation for people living at the far ends of the Village.

### TROUBLES BEGIN

Cecil Isenagle of the Tanner Motor Livery, put a station wagon on the run and for a while, the line broke even. But as the season waned and summer began, patronage waned. But Mr. Isenagle continued to operate the line at a loss as a convenience to townspeople.

Now, however, the employee problem is being felt. The pres-

TO DESCRIBE MISSION—Lt. James C. Whittaker, co-pilot of ill-fated Rickenbacker "Pacific Mission" plane, who is now at the local air base, is shown above, left, with Lt. Walter Farris, post chaplain. Lt. Whittaker will tell of the 21-day ordeal when he talks at the formal opening of the new post chapel Sunday. The public is invited.

## Pilot Will Tell Rickenbacker Story Sunday

A story of courage, endurance and of faith will be related by Lt. James C. Whittaker, co-pilot of the ill-fated plane that crashed with Capt. Eddie Rickenbacker and seven other companions in the South Pacific last fall, when he talks, Sunday, at the formal opening of the new chapel for the 21st Ferrying Group, Ferrying Division, Air Transport Command at Palm Springs.

It will be the first time returning from his terrible 21-days afloat on a small rubber raft that the lieutenant has told his story to his buddies in his own outfit.

### TO TELL OF MISSION

Author of the book, "We Thought We Heard the Angels Sing," Lt. Whittaker's talk dedicating the new chapel will be "On The Pacific Mission." He will tell of his 21-day ordeal and of the (Continued on Page Eight)

## New Thermometer to Keep Tab on Village

There's a new thermometer on the job at the police station today. The old one gave up last week, not because it got so hot, but because it was so cool nights. For the minimum end of the official thermometer was the end which played out.

So again this week the only figures are the maximum readings because up to today, the old thermometer was still doing duty.

## Crاندall Sells Palm Springs Express Line

One of the oldest concerns in Palm Springs changed hands on July 15, it was announced this week.

The Railway Express company, whose local offices are at 415 North Palm Canyon drive, acquired the rights, franchise and equipment of the Palm Springs Stage and Express company from C. W. Crاندall who has operated it since 1924.

### INDICATE WANTS

Because of this situation, Mr. Isenagle sounded out the city hall on the advisability of discontinuing service the remainder of the summer. City officials, however, and Mr. Gibbs, believe there is a need for the service.

If the citizens want the service they should indicate their desires, according to city officials. Otherwise, the line may be discontinued until fall.

## It Was Unanimous—Both Put Village First on the List

They met on the diner of the City of Los Angeles, crack Union Pacific train, westbound from Chicago.

After the usual social amenities, followed by a discussion of the trend of the war, the state of the nation and their views on the administration, they turned to real estate and travel.

Both, it seems, had a favorite winter spot, a place they preferred above all others.

Both said they were headed for that spot on that very trip to look after their interests there.

And each, on the other's request, said that spot was Palm Springs.

It was then they introduced themselves.

One was Philip L. Boyd, councilman, and the other Ernest Alschuler, of Chicago, winter resident here.

Both prominent in the Village, they had never met before.

## Crاندall Sells Palm Springs Express Line

One of the oldest concerns in Palm Springs changed hands on July 15, it was announced this week.

The Railway Express company, whose local offices are at 415 North Palm Canyon drive, acquired the rights, franchise and equipment of the Palm Springs Stage and Express company from C. W. Crاندall who has operated it since 1924.

### OFFICIALS HERE

Supt. E. H. Hite and General Manager J. J. Dowling of the Los Angeles office were in the Village last week to complete the transaction and Gordon H. Graham, route agent for the company, also of Los Angeles, completed details here this week. C. F. McCollum is local agent for the express company.

Mule and horse-drawn stages started linking the Village with the railway station at Garnet about 40 years ago. Along about 1917 motor stages began operating with several men, now prominent in other business lines here, managing the line at various times.

### STARTS IN 1924

In 1924 Crاندall took over. The Village was a small place (Continued on Page Eight)

## Walk Wash Act Survives New Attack

3 to 3 Deadlock Defeats Attempt To Repeal Bill

Ordinance No. 131, the measure which prohibits washing of sidewalks in such a manner that trash and water fill the gutters and water accumulates in ponds in low spots, target of many attacks in the past few months, survived another assault Wednesday night and is still on the city's books.

Three other measures, all touching on the same topic, featured this week's council meeting, one being tabled, one defeated and another introduced.

### REPEALER DEFEATED

Ordinance No. 138, outright repeal of No. 131, was lost in a 3 to 3 stalemate after Ordinance No. 137 had been tabled. Ordinance No. 139, a new attempt to solve the matter, was introduced and will come up for decision on August 4.

Action on the controversial walk-wash bill started when Councilman Frank W. Cutler, author of No. 137, which amends No. 131, easing its restrictions and allowing washing of sidewalks between 7 and 8 a. m. only, declared he was not satisfied with the bill and had prepared another. He desired it tabled. Motion to table No. 137 carried unanimously.

### TOO DRASTIC

He said No. 131 was too drastic and should be amended or repealed. He favored the former course.

Then No. 138, introduced at last meeting of council by Councilman Philip Boyd, came up for action. Discussion was long and sometimes spirited.

Two charges have been filed under 131 and one case will be in court next week.

### SEEKS AGREEMENT

Councilman Boyd said that he was in favor of tabling the repeal. (Continued on page Four)

## Leaves of Absence Granted Councilmen Cutler and Housman

Leaves of absence were granted two city councilmen Wednesday night when the board met in mid-month session.

Councilman George Housman, now in Oregon on business and for the summer, requested a 60-day leave effective July 8.

Councilman Frank W. Cutler, present at Wednesday's meeting but planning to go north soon, asked for a leave from July 29 to Sept. 12.

Both leaves were granted on motion of Councilman Eugene Theriault.

## City Tax Rate For Fiscal Year Will Be \$1 Per \$100

Palm Springs city tax rate for the fiscal year 1943-44 will be \$1.00 per \$100 of assessed valuation, the same as last year, as result of action taken by city council Wednesday evening.

A resolution to this effect was passed on motion of Councilman Eugene Theriault, seconded by Councilman John Connel.

At a recent session of city council an ordinance fixing the amount of money needed to operate the city for the fiscal year at \$69,000 was adopted. Since then, figures from County Tax Assessor Frank Burchfield's office have been received, giving the assessed valuation of land and improvements here as \$6,960,920.

As pointed out in The Sun two weeks ago, because of a lowered assessment valuation here, the city's income will be approximately \$20,000 less than last year.

## Red Cross Production Room Continues to Hum Mondays and Fridays With Activity

The Red Cross Production room at the headquarters of the Palm Springs branch of the Riverside county Red Cross chapter, continues to be a busy place every Monday and Friday between 10 a. m. and 4 p. m., although the Village is almost in the heart of summer.

Mrs. William A. Lippman is in charge of surgical dressings and production on Mondays and Mrs. Lloyd Matlock in charge of surgical dressings on Fridays.

On Fridays there is usually a large turn-out of army wives, both from Torney General Hospital and from the 21st Ferrying group at the air base here.

Anyone wishing to give a few hours of their time to this needed work will be welcomed at the air-conditioned building at 107 North Palm Canyon drive.

Mrs. Alice Urst, chairman of Home Service, can be contacted on Mondays and Thursdays between 1:30 and 5 p. m.

### Robert P. Martin Now in Riverside

Robert P. Martin, formerly manager of the Blue Seal Laundry here, has been transferred to Riverside, according to word received here this week.

The Martins are now living in San Bernardino.

## Torney Hospital's Mountain Branch Hit With Patients

Convalescent patients from Torney General Hospital who recently moved to the convalescent camp established by the institution near the mouth of Mill Creek canyon, are highly pleased with their new location, according to word coming back to the base here.

The branch hospital, formerly the Mill Creek CCC camp, is about 12 miles back of Redlands and three miles in the canyon. The climate is mild and the camp is fanned in every direction by the ocean breeze.

In addition to being a convalescent camp, it is also a reconditioning camp where men are brought back to full physical strength after a siege of illness.

## September Is Set For Date of Next War Loan Drive

The third war loan drive has been officially set for September, the treasury department has announced.

With the United Nations having opened their offensive in Sicily, the slogan for the third campaign will be: "Back the Attack With War Bonds."

As everyone, who reads the newspapers or listens to the radio knows, the United Nations are on the march. The first rumbling of the big offensive is being heard by all of the Axis nations," said Secretary of the Treasury Henry Morgenthau, Jr., in messages to Robert H. Moulton, general chairman of the Treasury War Finance committee for southern California. "Thousands of our men are storming Sicily. Tons of bombs are being dropped on Germany. We are attacking Jap-held territory as never before. This is a great day for us—but it means that we must tighten our belts on the home front."

"We have come to the crucial period in the war and the success that we shall have on the fighting fronts will depend to a considerable extent upon the degree to which we at home are willing to work and sacrifice for ultimate victory."

## Mrs. Milner Going To Mexico City on Combination Tour

Mrs. W. Donald Milner of Milner's Notions store, left Tuesday afternoon via Southern Pacific for Mexico City. The trip will be a combined vacation and buying trip and Mrs. Milner will be gone three or four weeks.

Mr. Milner expects to make the same trip when she returns. It is the first summer that Milner's have been open in July and August and because Mr. and Mrs. Milner cannot be gone at the same time, they are dividing their vacations this year.

While in Mexico City, both Mr. and Mrs. Milner plan to purchase goods for next season's business.

YOU'RE IN THE ARMY NOW

By Capt. Herc Ficklen

## Two Teams Remain Undefeated in New Army Ball League

### TEAM STANDINGS

Teams	W	L	Pct
Ferry Nite Flyers	3	0	1.000
737th Sanitary	3	0	1.000
459th Ferry Base	2	1	.666
Ferry Strafers	2	1	.666
Torney Enlist Men	2	2	.500
Torney Officers	1	1	.500
742nd Sanitary	1	1	.500
Ferrying Officers	1	3	.250
22nd Gen Hos.	0	3	.000
TUP Airlines	0	3	.000

### LAST WEEK'S RESULTS

Night Flyers 17, 459th Base 1; 742nd Sanitary 4, Torney Enlisted Men 3; Ferrying Strafers 5, 22nd General Hospital 4; Torney Enlisted Men 7, Ferrying Officers 2.

### NEXT WEEK'S SCHEDULE

Monday, July 26—Night Flyers vs. Torney Officers; Tuesday, July 27—22nd General Hospital vs. TUP Airlines; Wednesday, July 28—Torney Enlisted Men vs. 742nd Sanitary; Thursday, July 29—Strafers vs. Ferrying Officers; Friday, July 30—737th Sanitary vs. 459th Ferrying Base.

One of three unbeaten teams in the Palm Springs Army soft-ball league stubbed its toe and fell into the "lost" column this week leaving the 21st Ferrying Group Night Flyers and the 737th Sanitary company of Torney Hospital alone with unblemished marks.

The schedule for the coming week is apt to see them both remain unbeaten. The Night Flyers won the first half of league play and the 737th was a team that at times showed promise but lacked lasting qualities to keep from losing games it had virtually already won.

The 459th Ferrying Base, a new entry, kept in the running and the Ferrying Strafers continue to improve and will be a threat, league followers say. The first-half runners-up, Torney Enlisted Men, are finding the going tougher and have won only two games while dropping the same number.

All games are played at the Field Club and the public is invited.

## Ray C. Gaubatz to Undergo Medical Care at San Jose

Mr. and Mrs. Ray C. Gaubatz left this week for San Jose where Mr. Gaubatz, well known local general contractor, will go under the care of Dr. Jack C. Hill, formerly of Palm Springs, now located at San Jose.

Mr. Gaubatz has not been well for some time and is going north for observation and possible surgery.

They expect to be absent from the Village from six to eight weeks.

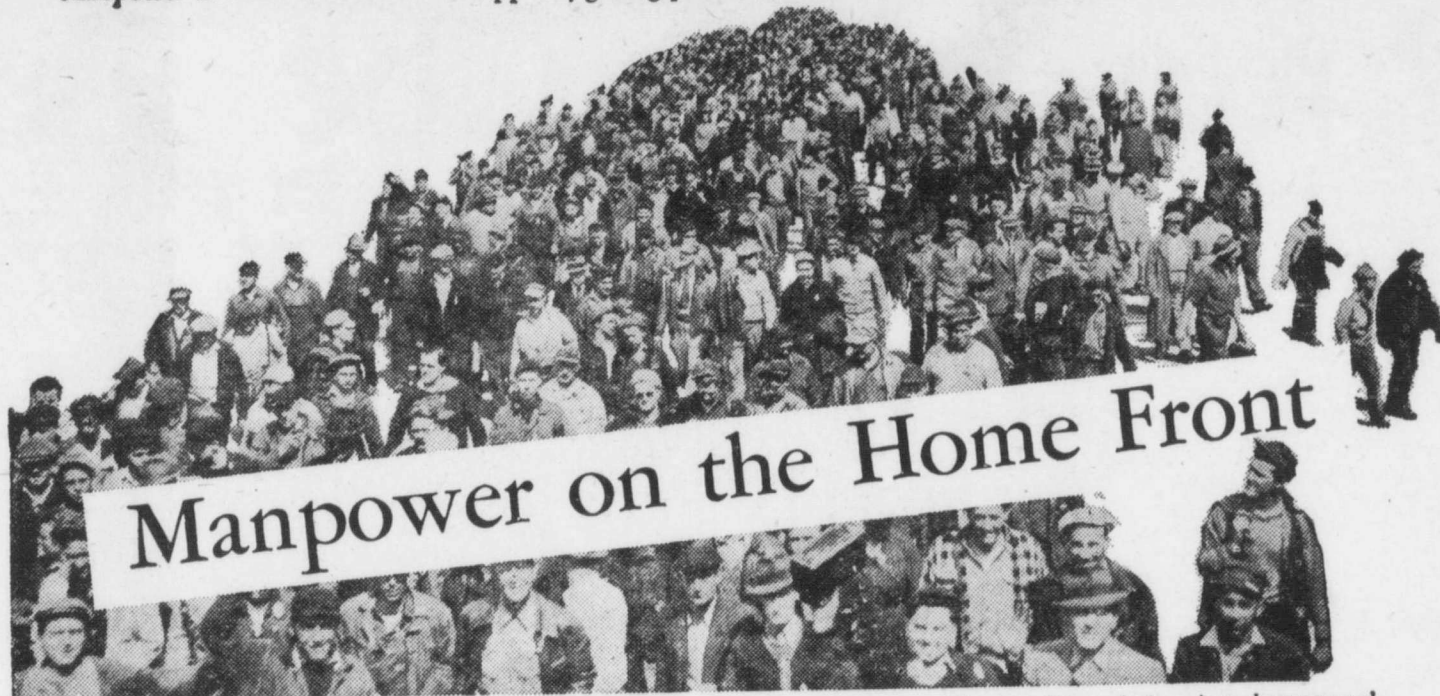

## Mrs. Hortense Murray Now at Long Beach

Mrs. Hortense Murray is spending the summer months at Long Beach, resting and continuing to receive medical attention for injuries received several weeks ago in an accident here.

She plans to return to the Village in the fall.

Panhandler: "Gotta quarter for a room tonight, mister?"  
Citizen: "No."  
Panhandler: "Gotta dime for a ham sandwich?"  
Citizen: "No."  
Panhandler: "Gotta nickel for a cup of coffee?"  
Citizen: "No."  
Panhandler: "Huh! You're in an awful fix, ain'tcha?"

"Manpower at home is essential to support fighting-power overseas" . . . E. G. Grace, president, Bethlehem Steel

Thousands of men arriving for work in a Bethlehem shipyard. Down this yard's busy shipways slide many of the nation's cruisers, destroyers and aircraft carriers. Bethlehem repeatedly has made records for delivering vessels well ahead of schedule.

This is the story of manpower in Bethlehem steel mills and shipyards, of men and women who have come by the thousands from all walks of life to do a job in backing up our fighting forces with a continuous flood of materials. These men and women are vital to the battle of production.

Manpower at Bethlehem Steel has been multiplied three times in three and a half years. Here are the figures:

### NUMBER OF BETHLEHEM EMPLOYEES

Poland invaded, September 1939	100,000
Fall of France, summer 1940	120,000
Pearl Harbor, December 1941	190,000
Tunisia, May 1943	290,000

### Facts About Bethlehem Workers

Manpower is the heart of Bethlehem's current production of a ship a day. Manpower makes possible the meeting of its large commitments for ordnance and other war-steel products. All other problems such as materials and supplies are secondary — the essential dependence is on manpower.

Thousands of men from non-essential trades are joining Bethlehem war-work armies. More than 13,000 women are employed at Bethlehem plants and shipyards, and the number is constantly increasing.

Veteran employees are zealously teaching the newcomers, so that they can quickly handle their appointed tasks.

New employees earn while they learn, in special training classes and in on-the-job training. Sympathetic study of each person's abilities puts "square pegs in square holes."

Wages are the highest in the history of shipbuilding and steel, and in the top group of all industries.

Promotion is rapid, as opportunity to advance comes far more swiftly than under normal conditions.

Bethlehem employees are friendly, high-grade people. The great majority have education in the high school grades, and thousands are graduates of colleges, crafts and professions.

More than 50,000 Bethlehem employees are now serving in the armed forces, a fact which gives added seriousness of purpose to those working to produce the supplies.

To work in Bethlehem shipyards and plants is to be in the front line of industry, doing a real job to help win the war.

### SOME NEW BETHLEHEM EMPLOYEES FROM VARIOUS OCCUPATIONS

Employment in Bethlehem's shipbuilding and ship repair yards alone has grown from 15,000 in 1939, to nearly 180,000.

The enlistment in our manpower army continues from week to week and from month to month. The total of Bethlehem employees will exceed 300,000 by the end of the year. To reach this total force, and provide for replacements of those going into the armed services and others, many thousands more men and women will be hired.

### FROM ALL OCCUPATIONS

Bethlehem workers come from virtually every walk of life to serve in these war-work armies. Here are 60 instances of former occupations of men and women who are now producing ships and combat materials.

Actor	Domestic	Minister
Antique Dealer	Druggist	Motion Picture

**WHERE BETHLEHEM WAR-WORK ARMIES ARE LOCATED**  
Bethlehem shipyards, steel plants, fabricating and manufacturing plants, are located at or near: Boston, Mass.; Buffalo, N. Y.; New York City; Wilmington, Del.; Bethlehem, Pa.; Pottsville, Pa.; Harrisburg, Pa.; Lebanon, Pa.; Johnstown, Pa.; Chicago, Ill.; Pittsburgh, Pa.; Baltimore, Md.; San Francisco, Calif.; Tulsa, Okla.; Seattle, Wash.; Los Angeles, Calif.; Alameda, Calif.

## BETHLEHEM STEEL

## State Also Seeks Windshield Space On Automobile

Motor vehicle owners of Palm Springs will display windshield stickers in 1944 as evidence of registration in addition to the license plates now on their cars.

According to dispatches received today by the Desert Sun from the department of motor vehicles in Sacramento, the stickers will have a blue background with a small gold seal of the State of California in the center. Each sticker will be serially numbered.

### ON WINDSHIELD

The stickers will be displayed in the lower right hand corner of the windshield. They will be oblong in shape, taking up a space of about eight square inches.

The stickers were adopted by Director Gordon H. Garland as a means of reducing the cost and of saving precious steel for war purposes. Garland admonished motorists to take good care of the existing license plates on their vehicle in order that they may last all through 1944.

### SAFETY FIRST

The stickers will be made of a translucent material which will prevent injury to or absorption of colors by shatter proof glass. They will be so constructed that it will be impossible to counterfeit them or remove them from the windshields once they are put on. Bids for the purchase of enough stickers for approximately 2,500,000 vehicles will be called shortly by the state purchasing agent.

## Hot Slove Results In Department Run To Plaza Cottages

A departing tenant who left the hot plate on, gave firemen exercise on Sunday when they were called to the Plaza apartments on South Palm Canyon drive.

The odor of scorched wood and cloth called attention to the potential blaze and the current was turned off.

Firemen, under Chief Bill Leonosio, found scorched woodwork and singed linens but no flames when they entered. Damage was nominal.

## Former Villager Is Bombardier Teacher

Bob Moore, former Villager, writes from Jacksonville, Fla., where he is stationed with the U. S. Navy, that he is still instructing bombardiers at the base there and finds the duties highly enjoyable.

Mrs. Moore and daughter recently rejoined him there after a trip to California.

Doctor—What was the most you ever weighed?

Inductee — Hundred seventy-five pounds.

Doctor—And what was the least you ever weighed?

Inductee — Seven and a half pounds.

## Cruncletons Return To Costa Mesa Home

Mr. and Mrs. Charles Cruncleton have returned to their summer home at Costa Mesa after a brief visit in the Village on their way back from a trip to Modesto where they visited with their son, Lieut. Charles (Buster) Cruncleton, who is resting in a hospital there after strenuous campaigning in New Caledonia.

Lieut. Cruncleton, on his discharge from the hospital, will visit in the southland, here and at Costa Mesa.

Reptiles were once dictators over all the animal life on earth, but they lost out due to insufficient brains.

## OPA Inspectors Busy In Resort Sections

Inspectors for the OPA visited San Jacinto Mountain resorts last Sunday, checking up on license numbers of all cars having B or C stickers.

A number of motorists at Idyllwild whose cars bore B or C stickers were questioned by the investigators.

Diner: "What do you mean, help me? I don't need any help."  
Waiter: "Sorry, sir. From the sound I thought you might wish to be dragged ashore."

About two-thirds of the 250,000 reindeer in Alaska are owned by 4,600 natives.

9:30 a. m.—Sunday school.  
11 a. m.—Service.  
Wednesdays at 8 p. m.

## CHRISTIAN SCIENCE CHURCHES

"It is the Spirit that beareth witness, because the Spirit is truth." This statement from John is the Golden Text in the Sunday Lesson-Sermon on "Truth" in all branches of The Mother Church. The First Church of Christ, Scientist, in Boston.

A Lesson-Sermon passage from Luke relates that as Jesus taught in a synagogue on the sabbath he called to him "a woman which had a spirit of infirmity eighteen years, and could in no wise lift up herself." and said unto her, Woman, thou art loosed from thine infirmity. And he laid his hands on her; and immediately she was made straight, and glorified God. And the ruler of the synagogue answered with indignation, because that Jesus had healed on the sabbath day. Jesus then said, "Thou hypocrite, ought not this woman, whom Satan hath bound, lo, these eighteen years, be loosed from this bond on the sabbath day?" and all the people rejoiced for all the glorious things that were done by him.

Mary Baker Eddy says in "Science and Health with Key to the Scriptures": "If sickness is true or the idea of Truth, you cannot destroy sickness, and it would be absurd to try." "Sin, disease, and death have no foundations in Truth."

## CHURCH OF GOD IN CHRIST (Colored)

On Indian Reservation  
Rev. W. R. Wyse, Pastor  
Service at A. H. Hall

Tuesdays at 8 p. m. — Prayer meeting.  
Thursdays at 7:30 — Missionary meeting.

## Air Base Chaplain To Occupy Pulpit At Church Sunday

Next Sunday at the Community church Chaplain Walter Ferris of the 21st Ferrying Group, will conduct the morning service during the absence of the pastor, Dr. J. R. Macartney.

The program inaugurated last Sunday of a combined Sunday school and church service at 10:30 a. m. will be continued throughout the summer months.

Mrs. Walter Illick is in charge of the music.

## Mrs. Macartney at State Presbytery Meeting in North

Mrs. John R. Macartney, wife of the pastor of the Community church here, has gone to San Jose to attend the Women's Synodical meeting of the Presbyterian church.

She is making the trip as alternative for Mrs. John Stewart of Hemet, president of the Riverside Presbytery, who was unable to attend this year. Mrs. Macartney is vice-president of the Presbytery.

On her way south she will stop at Monterey to visit Mrs. R. Douglas Harrison of Palm Springs and Monterey.

Mrs. Macartney is traveling by train.

## Village Delegation To Leave Mountains

Howard Ames will go to Forest Home tomorrow to bring home a group of Village young people of the Community Church who have been attending a Bible conference in the mountains and enjoying a brief outing at the same time. Dr. J. R. Macartney is in charge of the conference.

Mrs. George Quigley accompanied the group as chaperone and advisor.

## Church Services to Be Held All Summer

Because of the continued large congregations at the Community Church, officials of the church have made plans to have services held there each Sunday during the summer months.

In previous years, the church has been closed during the months of July and August.

During the great earthquake of 1811 the Mississippi river temporarily flowed north.

YOU'RE IN THE ARMY NOW

By. Capt. Herc Ficklen

"I said my eyes are too poor to fight—so they put me up front where I could see everything!"

## Cathedral City

W. R. HILLERY

Let's launch a third political party and have Lou Maxon carry our banner. I suppose there are many who quite approve of Lou and yet have forgotten what he said about the mess of young lawyers we have in Washington and the involvement of every intent of law by a legalistic maze. Did anyone ever make a test say of an income tax blank to ascertain what percentage of the people who have to make returns could understand them? Either the forms and wording should be understandable to the people now or starting with the kindergarten, courses should be set up so that we have the understanding whether we have the wherewithal to satisfy the law maker. We have as our Congressman John Phillips, a man who speaks so that those of us who claim to be average can understand him. Maybe John can pick up the torch of Lou Maxon and singe this parasitic class who are developing so strongly. We could come to a quicker understanding with Joseph if we used such words as parasite more often as they do mean something. My pet peeve that caused this is not interesting.

Sunday was Cathedral City day in the San Jacinto mountains for we took Mrs. Laura Carey with us and visited Billy Carey and our Robert at the Camp Emerson Boy Scout Camp near Idyllwild. Around the Inn we met them all and incidentally the OPA inspector checked up on our mileage and we were quite disgusted when we found he didn't know where Cathedral City was when he asked us where we were from. If he finds that what I said is true, he is going to establish his winter home here.

To our cabin at Thomas Mountain afterward came Mrs. Mary R. Wolseth with her guests, Mrs. Ann Reilly and Mrs. Blanch Zinn. Mrs. Wolseth and Mrs. Reilly are summering at Pinon Pines, Nightingale, but Mrs. Zinn was guest over the weekend and was enjoying the change from the desert. Mrs. Zinn, like many others, remained after the usual season of operation of her Modern Rooms and likewise her son, Lloyd, who operates a service station in Palm Springs, is keeping his place open and his mother keeps a home in operation for him.

Then Mrs. Ballinger, wife of Capt. William E. Ballinger, with their son, Billy, dropped in. They had spent the week at Idyllwild and were headed back to Cathedral City where they live. Billy put on an imitation of Hitler that was very clever and if that boy doesn't become an impersonator, it will be because he has other talents.

Then Lt. Ray D. Renville arrived with Mrs. Renville and their three daughters, Miss Phyllis, Shirley and Darlene. The Renvilles have been with us as residents for almost a year and when the time comes for them to transfer, we will miss a very agreeable family and the school three enthusiastic pupils. Incidentally, both the above military families are represented on the Observation Post.

Speaking of the Post. Bill Chance is doing some fine scouting and has secured a new resident volunteer, R. G. McLearn, and now that the Totem Pole Cafe is operating on summer schedule, E. J. Wheeler has taken a midnight to 4 a. m. shift. Still another very busy man to take a long night shift is H. A. Snyder. When people like Snyder who shuttle between their ranch and their Date Shop in the Village and work such long hours give of their time they are making a contribution to winning the war.

Dr. William Brady's popular column in one of the papers this past week had something to say on Nutrition or Heredity and in the course of his article paid a glowing tribute to the work of Dr. Weston A. Price on Nutrition and Physical Degeneration. Dr. Price and wife spent some time here this past winter, the guest of his nephew, Willard Price. Many of us met this eminent authority on nutrition.

Two letters this week from widely scattered Cathedralites tell of their activity. Mrs. Emma McMickle is employed by a Federal and State activity that carries a letterhead "Co-operative Extension Work in Agriculture and Home Economics" and is actually the U. S. Farm Labor Bureau. Mrs. McMickle looks after interviewing and placement at this very critical time in the agricultural set-up.

Capt. George A. True writes from St. Simons Island, Georgia, that both he and Mrs. True are working long hours each day at war work, aids and in looking after their quite extensive Victory Garden. When they will return to the desert depends entirely upon the war. We hope this will be soon.

Last week over fifty books were taken out by Villagers on the one night each week our little library is open and thirty some odd this week. There are several donations of books that will be mentioned next week. So if any of you readers have a book or books that you don't need and haven't contributed to the military libraries then by all means donate it to our local library. If it is a proper book for general reading and in usable condition, it will be appreciated.

## Keep an Eye Open For Scrap Is Plea Of Salvage Chiefs

Curtailment of vacation travel is being felt by the government, it was reported this week. The salvage section of the WPB is fiding a large source of its scrap iron being eliminated.

Last year vacationers, who went to out of the way places, reported a vast amount of scrap in abandoned mines, quarries and on farms. One even reported a forgotten abandoned railway line. This year, with fewer people on the loose, the reports are falling off.

WPB salvage chiefs urged travelers to keep an eye open for likely sources of scrap and report to WPB Special Projects, 1031 South Broadway, Los Angeles.

"Keep an eye peeled for abandoned bridges, ancient farm, mining or industrial machinery," they urged.

## Rev. C. E. Macartney Arrives to Visit Dr. J. R. Macartney

Rev. Clarence E. Macartney, D. D., pastor of the First Presbyterian church of Pittsburgh, Pa., arrived from the east last Sunday and will spend part of his California vacation at the summer home of Dr. John R. Macartney, pastor of the local Community church, at Forest Home, in the mountains back of Redlands.

Rev. Macartney is well known in the Village. He preached the dedicatory sermon at the Community Church some years ago and has been a frequent visitor here, filling the local pulpit from time to time.

## New Service For Civilians Started By the Red Cross

The Palm Springs branch of the Riverside county Red Cross chapter has already had four replies from foreign countries during the past few weeks in a new service recently inaugurated by the Red Cross. It is a civilian inquiry service which enables the sender to write a message of not more than 25 words containing news of personal character.

Anyone wishing to send such a message to a civilian relative or friend may obtain blanks at the Palm Springs Red Cross headquarters at 107 North Palm canyon drive on Mondays and Thursdays between 1:30 and 5 p. m.

The messages may be written in foreign language but must be accompanied by the exact English translation.

There is usually a delay of many months in receiving a reply due to red tape in dealing with enemy or enemy-occupied countries. The messages just received—from Germany, Norway, Denmark and one from Canada—were sent last October and November. They were messages between civilians here and in the foreign countries.

"The joy and relief the replies brought, especially those from Europe, were worth the delay," officials of the branch said.

## Discuss Bridging Of Rough Gap on Palm Canyon Drive

Installation of a sidewalk on the east side of Palm Canyon drive in the 400 block, to bridge the gap before two lots just south of the council chambers and court room, was discussed by city council Wednesday evening.

Ray Sorum, director of public works, declared the conditions of the walks were dangerous and submitted estimates on the proposed improvement cost. The new walk, if ordered, will be of decomposed granite, packed and rolled. Many pedestrians now walk in the street there because of the former footing, it was pointed out.

## 20,000 New Baby Carriages to Ease Southland Shortage

Twenty thousand Victory model baby carriages, to keep pace with the rapidly rising birth rate in southern California, will be built by a Los Angeles firm during the next three months, L. M. Drowns, WPB manager for the southland, said this week.

They will be built of wood with very little metal involved.

With an eye to utility, the buggies, two wheeled affairs, will have a seat for baby and a compartment for packages or shopping bags.

## Iowans Reminded of Great Picnic to Be Staged August 14

Any Iowans in Palm Springs? If so—the 43rd annual picnic of the Iowa Association of Southern California will be of special interest to them.

It is scheduled for Saturday, August 14, at Bixby Park in Long Beach. In addition to the usual picnic program, B. B. Hickenlooper, governor of Iowa, will be the honored guest and address the throngs.

Mrs. Mary MacCartan of the Palm Springs Spa has closed her establishment for the summer and is now at Fallsdale. She will reopen her office here in the fall for her ninth season here.

## City Rejects Plea For License Refund

Request of George W. Wagner of the Cahuilla hotel for a refund of his business license which he paid in advance was denied by city council last night and Mr. Wagner was invited to come to the city hall to discuss the matter. Mr. Wagner asked a refund as he has leased the Cahuilla hotel to the government for a housing project.

**MEAT PRICES ARE OVER 56% UP\***

**YET---**

**OUR RATES FOR ELECTRICITY ARE THE LOWEST IN 21 YEARS**

Don't blame your dealer, but blame Mr. Hi Costof Living for the higher prices you're being charged for meat. On the other hand, compliment Reddy Kilowatt for the steady way he's been reducing your electric bill.

You know how prices of practically everything have gone UP, UP, UP in recent years. Yet, during all that time, your electric rates have come DOWN, DOWN, DOWN, while service to our customers has been consistently extended and improved.

And as you use more electricity to make your business more profitable, your ranch work easier and your home life happier, you can expect these low electric rates to be even lower as time goes on.

## Grade 1 Tires to Be Hard to Get Is Lippman's Warning

William A. Lippman, chairman of the local Rationing Board, calls attention to a very important statement made by an OPA executive in the news letter which is an informative bulletin being sent to the rationing boards.

"It says," Mr. Fred H. Chesnut, Associate Regional Mileage Rationing Officer, gives the present Regional picture on tires: "Grade 1 tire quotas in the region for July will fall woefully short of the demand. The present situation as we see it at present, is that one out of every five applicants for grade 1 tires must either accept a certificate for a Grade III tire or go away empty-handed."

"Total dealers' stocks of Grade 1 are sufficient to take care of about 30 days' business. Grade III tires represent about three months' supply but these tires must be repaired and recapped before they are salable. Grade F camelback is short in many localities and labor is short everywhere. We cannot expect to obtain much relief by the use of emergency tires for the reason that boots and reliners necessary for putting them in usable condition are as difficult to get as repairs."

"Local Boards are urged to exercise every care in rationing tires. Obviously when a shortage exists, those who are important to the war effort should be provided for first. If anyone is to go without, it should be the least essential."

"Tire Inspectors must do a good job by keeping every tire rolling if only for a few miles or a few months more."

"In no case should an applicant be granted more than a Grade III tire for use as a spare."

## City Protected on Land Use Measures, Attorney Reports

While the government is exempt from the terms and provisions of the city's land use bill, these provisions will immediately apply when, and if, the property is sold back to private parties after the war, City Attorney Roy Colegate told council Wednesday evening.

The city attorney's statement was made in response to a request from Councilman Philip Boyd on the authority of the planning commission over structures built by the government contrary to zoning regulations.

Mrs. Frank S. Roberts, well known Palm Springs resident, is spending the summer in Los Angeles.

Mrs. Margaret Cree, wife of Raymond Cree, local real estate, was a brief visitor in Palm Springs this week. She is spending the summer in Pasadena.

## Heavy Casualties Reported in the Ranks Of Street Signs and Stop Signs; Action Planned By Council to Remedy Situation

Heavy casualties in the ranks of the city's street signs and stop signs due to careless motorists and enthusiastic soldiers, came to the attention of the city council Wednesday night. Ray Sorum, director of public works, was authorized to make a survey of the needs and to take action.

## In the Know With the USO

By Gail Sollender

Put on those dancing shoes and save your strength!

Our weekly dances start this coming Wednesday, July 28, and with the Ferry Command orchestra scheduled to be on hand whenever they have no post engagement, these Wednesday tennis court affairs promise to fulfill the persistent cries of "When do we dance?" which have been ringing in our ears.

The soldiers want them — the girls want them — we want them — so come on over you enlisted men, bring your wives, and let's swing it. All registered USO hostesses are welcome to attend.

### THOROUGH JOB

Carolyn Cobb left us in a "mouth-wide-open" state the other night when she was cleaning up the snack bar at closing time. She got so exuberant with her Dutch Cleanser Complex that she even washed off the piano keys. God love volunteers!

We overheard this private's reaction to getting a rating: "I don't want to be a non-commissioned officer cause it would only throw me out of commission." His buddy heartily agreed.

Our thanks to Mrs. Alter and Mrs. Ward for the magazines they brought over. We still need ping pong balls, cue sticks, records, pool table cover, books, tennis rackets and swimming suits.

### DOING GREAT WORK

And speaking of swimming, our lifeguard, Pat Holderman, is doing a swell job of handling all pool activities. She hasn't had to save any lives yet, but she's certainly saved us a lot of time on the checking system.

Don't know what we'd do without the Motor Corps of the Red Cross. Under Mrs. Maurice Libott, local volunteers have been driving the station wagon to Torney hospital three days a week and bringing patients back with them to the USO. From 1 to 4 on Monday, Tuesday and Wednesday these patients, many of whom are soon to be discharged as well, have been enjoying the facilities of the USO. There's Jack Bauers, ex-dancing teacher, and Johnny, of the soft, slow southern drawl, and Slim and Clark, who loves tennis, and many others.

### PLENTY OF TALENT

Mrs. Rushing and Mrs. O'Donnell stayed after their shift last week and practically wore themselves out playing ping pong, pool and cards with the appreciative soldiers. And what a dance routine Pvt. Joseph Cansanzio and Cpl. Frank Nuara of the 22nd General Hospital put on for them! Another example of the talent we have noticed in the club. We're planning to do something about it, but it will take a little time. That perennial card player, Pfc. Don Scott, of Torney, who has a fetish for rummy, is champing at the bit waiting for the card tournament to start so he can clean up on the boys.

### WILL BE MISSED

We're going to miss Mrs. Roberts, Mrs. Shepard, Mrs. Gerard and Mrs. McLeilan who are leaving Palm Springs for other parts. They were four of our most faithful workers and we certainly en-

Mr. Sorum informed council that he had been replacing and repairing street signs as rapidly as possible and as soon as discovered but it was an un-ending job.

Chief of Police Lyle J. Sanard solved the riddle of uprooted signs which sometimes appeared at corners where they should not be, by reporting that playful soldiers sometimes pulled up the signs and moved them to other corners.

Many stop signs are also in a battered condition but these were suffered when automobile drivers not only went through the stop but also through the stop sign.

Due to the frequent bumps, it was pointed out that the plan for a cactus plant atop the signs, an attractive desert idea, practically has to be abandoned.

## Mr. and Mrs. Markham Visit at Big Bear

Mr. and Mrs. Elmer A. Markham and son, Bobbie, spent last week end at Big Bear Lake as guests of Mr. and Mrs. A. E. Bailey. Mr. Bailey was formerly city manager of Palm Springs.

They returned Monday, leaving Bobbie at the resort where he will remain for the week.

The Markhams report that Mr. Bailey, while they were there, landed one of the largest fish pulled from the lake this season.

## Miss Kerner Spends Few Weeks at Lake

Miss Blanche Rose Kerner, well known Palm Springs music teacher, is now spending a few weeks at Big Bear Lake in the San Bernardino mountains.

Miss Kerner left for the east a few weeks ago to visit her mother in Cicero, Ill., and other relatives. On the return trip west she made several stop-overs before going to Big Bear to spend the remainder of the summer.

### BUILDING PERMITS

July 21—Harry Mutascio, of the El Dorado Hotel, remodeling of the Dunes cafe, 238 North Palm Canyon drive, \$50.

joyed having them with us. Also, the club doesn't seem the same with Mrs. Holland and Mrs. Jones who are both on a temporary leave of absence.

Guess that's all the news for this week. See you in the papers. Yours in USO.

**BEST SELLER**—Robert Cummings, Ann Sheridan and Ronald Reagan in a scene from Warner Brothers picturization of the best-seller, "King's Row," at the Palm Springs theater July 27 and 28.

## Picnic on Desert Features Journey Of Alhambra USO

Picnic on the desert proved to be the week-end theme for the desert trip made the past week by the Alhambra girls of the USO Sun and Sand Caravan.

Arriving at the Coachella USO Club, more than 45 girls brought their own hot dinner, prepared at home by the senior hostesses, and were served by a special committee of service men who had made preparations all day Saturday for their arrival.

### DANCE AFTER DINNER

After the picnic supper served in the patio under gay umbrellas, a dance was held in the social hall. Highlight of the evening was the midnight swim in which both men and girls gathered in the fun.

Donuts, homemade in the USO Club kitchen by a group of men from a medical battalion, were a welcomed treat for breakfast Sunday morning. The tables were turned for lunch, when the girls prepared and served the men. Swimming, sun bathing, badminton and ping pong completed the outdoor program of the week-end.

### THOSE IN CHARGE

Arrangements for the dance were made by Mrs. Marguerite Van Derwerker, director of the USO Sun and Sand Caravan, with B. A. Burkard, director of the Indio USO club and Pat Fahey of the Coachella USO club.

Alhambra arrangements were made by Mrs. George Bettinger, assisted by Mrs. Frances Gebheart, Mrs. Veronica McKinney, Mrs. Beth Prowitz. The entire menu for Saturday night was planned and prepared by the Alhambra hostesses.

## Southern District Conference August 5

The summer conference of the Southern District California Federation of Women's Clubs, will be held August 5 at La Jolla. The morning session will open at 9:30 a. m. with a call to order by the district president, Mrs. Ernest Lee, followed by moments of meditation by Mrs. John Stewart of Hemet. Business to be transacted during the morning session includes ratification of the president's appointments, report of state summer conference, election of state committeewomen, report of the budget committee, county presidents' hour.

During the afternoon plans will be made for the district convention and an address will be made by Dr. Kenneth Barnhart of the San Diego State College.

## Two Palm Springs Youths Will Face Forgery Charges

Clinton Howard Thomas, 17, colored, was in detention home at Riverside today and Carl B. Huckleberry, 22, was in city jail, while Chief of Police Lyle J. Sanard investigated charges of forgery against the two youths.

Both were employed for a while by Angelino Potenza, produce merchant, as truck drivers, but recently discharged. Subsequently Huckleberry was arrested for passing altered forged checks. He implicated Harper, whose arrest followed.

The two youths are charged with passing three checks for a total of \$115, all forged with the name of Potenza.

Mr. and Mrs. Stephen H. Willard, who are spending the summer months in the Mammoth Lakes region in Mono county, report that that area is more marvelous than ever this year. They will return to Palm Springs in the fall.

Lieut. Willard McKinney, U. S. M. C., now stationed at Wilmington, was a visitor in Palm Springs last week with his parents.

## Schedules

For Your Convenience

### MAIL SCHEDULE

Post office at 174 North Palm Canyon Drive. R. M. Gorham, postmaster.

Outbound mail closes on Week-days at 11:00 a. m., 5:00 p. m., 7 p. m. On Sundays at 5 p. m.

Incoming mail distributed on weekdays at 8 a. m., 3 p. m. No distribution on Sundays.

### BUS SCHEDULE

Greyhound depot at The Plaza and Indian avenue. R. R. Dunlap, agent.

#### Eastbound

Leave Los Angeles: 9:30 a. m.; 12:30 p. m.; 3:30 p. m.

## Homer B. Jenkins Now at Camp Peary

Homer B. Jenkins of the Palm Springs Electric company, is now with the U. S. Navy and in training at Camp Peary, Williamsburg, Va., according to word received here this week.

Mrs. Jenkins and son are now living in Pomona where the Jenkins recently went for the summer months and from where Mr. Jenkins went into the service.

"Sally's so afraid of her shadow that she visited a specialist."  
"A nerve specialist?"  
"No, silly, a reducing specialist."

Copra is the principal item of commerce among the South Set island natives.

## Purchase of Road Roller Authorized By City Council

On recommendation of Ray Sorum, director of public works, city council Wednesday night authorized the purchase of a road roller at a cost of \$1793.50 plus tax, from the Smith-Booth Usher company.

The company was the only one to submit a bid in response to the recent city advertisement.

Problem of getting the equipment to Palm Springs where it is much needed, from Los Angeles, was left up to Director Sorum.

## 21st FERRYING GROUP NEWS NOTES

Ferrying Division, Air Transport Command, Army Air Field,  
Palm Springs, California

By Sgt. George Goodale

### BUT THESE ARE DIFFERENT

Sooner or later, there comes a time in every young man's life when he realizes that girls were made for other things than to stick chewing gum on their shoes or tie their pigtails to the backs of their chairs.

That's when you notice that generally they are nice to look at, nice to hear and just the thing to have around. The male immediately allows himself to be flattered that he is a protector, a counselor and their heart-throb. Actually we contend he's a sucker for a pair of subtle eyes that agitate a set of soft lips into saying: "Ah, just couldn't do without you all."

### ODDS AGAINST HIM

So the guy chases her until she catches him and he ankles up an aisle to nod in the affirmative to the preacher. Usually he nods sort of fast, too, because a pair of shins can lose a joust very quickly to a pair of high heels.

Then he's married for better or for worse. Under the latter heading comes the item of going shopping with the little woman. Now here's where the machiavellian minds of medieval torture experts, the old-fashioned idea of a duty sergeant, missed the boat. Drops of water steadily an monotonously beating on your forehead or the knife that plans to relieve you of your Adam's apple as it gets closer with each overhead swing have nothing on what the Mrs. can do to you on bargain day. You go to stores that sell knick-knacks, then to shoe stores, then to department counters and even to the dainty little shoppes that sell just as dainty unmentionables. And you suffer.

### THE EXCEPTION

But there is an exception to all rules. Some women are different.

We have a brand of female at our post that we think is the exception. They are the WACS. The advance contingent of our allotment has arrived.

These gals are all volunteers for the army. They probably felt that inasmuch as women vote, do men's work, get men's pay and have all the privileges of the sterner sex, that they should share some of the duties of the male in war time.

We think they'll make good soldiers.

### WHAT HAVE YOU?

Naturally we don't have all the conveniences of milady's house-keeping gadgets at the field and they are lacking many things. We thought, at the suggestion of Capt. Jessie Parsons of the Quartermaster Corps, that the good citizens of Palm Springs might have some ironing boards, or irons or things like such that they are not using.

Our women can use them. They need them badly. They need washing machines, too, but we don't assume that any of you citizens carry such items as those around for distribution.

### BAR ROLLING PINS

Seriously, however, if you have other things like we just mentioned that you don't need, our WACS do need them and would appreciate it greatly.

Anything but rolling pins! Incidentally, the quartermaster and post exchange have their worries, too, now. They are going to need many items they did not have use for until now.

### NON-COMS HAPPY

Now that the WACS are here the Non-Coms club proved itself equal to the occasion and had the girls as their guests at a dance Tuesday night.

It's assumed the feminine non-coms will be asked to join the

club, according to S-Sgt. Arthur Podway, club prexy.

### IT AIN'T SAFE!

Here's one on the City of Long Beach.

Capt. William Cherry of the Ferrying Division spent 21 days on a life raft when the airplane he was piloting and which was carrying Eddie Rickenbacker across the Pacific went down in mid-ocean. The captain still has the raft as a keep-sake.

This week his co-pilot, Lt. James Whittaker of our base, revealed that Cherry told him he had recently taken the raft to the surf at Long Beach and was paddling around in it with friends.

A Long Beach life guard saw them and ordered the raft taken out of the water, declaring: "That thing ain't safe!"

### PROP WASH

T-Sgt. Joseph J. Miller back to duty after a bout with an illness.

Lt. Kenneth P. Welker left his flying jacket in the Mayo hotel in Tulsa, Okla. . . the hotel sent it to Dallas . . . Dallas sent it to Long Beach . . . public relations here was informed and the lieutenant was found and his jacket sent to him . . . T-Sgt. Wayne Seuntjens on furlough . . . Pvt. Bill Marvin, former owner of the Palm Springs sporting goods store, now stationed at our base . . . the bowlers pooled their funds and gave themselves a party at the NCO club . . . Sgt. Podway observes that there are more men walking around the post with swollen jaws since the dentist arrived . . . a woman in Los Angeles saw Pvt. Sigmund Goldstein's picture in The Times . . . thought it was an old friend of hers . . . but it wasn't . . . can't say too much about the way Alvin "Pappy" Famularo needles his trumpet and Jimmy Roberts pounds the skins on the song "When Johnny Comes Marching Home" . . . sort of gives "Johnny" a Persian shuffle . . . saw Lt. Maurice Conn, the mess officer, dining at the Bit of Sweden in Hollywood the other twilight . . . he had to stand in line 30 minutes to start around the smorgasbord table . . .

THE FIRE'S OUT

A few weeks ago we mentioned the Hot Foot club and its skillful members. They have abdicated since hearing of the Blazing Buntion that Cpl. Henry Lorger of Lt. R. R. Thomas' office had the other day. He saw a small blaze in the wastebasket and stuck his foot into the receptacle to extinguish it.

Instead the blaze got bigger and the corporal's foot got stuck. He finally extricated the foot from the basket with only minor burns.

Anyway, he put out the fire.

### RED SKELTON COMING

A theatrical treat is in store for the Post Saturday. Red Skelton with Edna Skelton, will be at the gymnasium at 8:30 p. m. to give a 45-minute to one-hour show for the Post personnel.

He's one of Hollywood's funnier comics and has been a favorite with soldiers elsewhere. You can look forward to a rollicking time.

Also in the theater doings of the Post was the opening of the Post theater which plays the latest movies five nights a week.

### MEN, MAIDS AND STUFF

S-Sgt. Glenn Cartwright will

## Describes Battles in Pacific War Zone as Maneuvers With Japanese National Guard

Pfc. James D. Lawhorn, Villager now with the U. S. Army, now in action in the Pacific war theater, refers to the action in that area nonchalantly as "maneuvers with the Nipponese national guard."

In a letter to The Desert Sun, he writes:

"I want to let you know how much I am enjoying the issues of the Sun.

"It seems to bring a bit of desert warmth to a 'lonely jeep' who sure misses his desert home. Although it was hotter 'n h--- here for a while it wasn't the right kind of heat. You see, we had spring maneuvers with the Nipponese National guard.

"Of course, there are plenty more ahead of us but with the help of you people at home, there are no obstacles too great, no enemy too strong, that we can't overcome them.

"We know that most of you are with us, so we over here will do our part. All we ask for is FRIENDS when we return.

"Speaking of friends, I sure would like to hear from the old gang.

"Thanks again for the local news."

## Fred R. Frost Wins Promotion at Navy Technical School

Frederick R. Frost, 19, of Palm Springs, is now wearing the red chevron of third class petty officer in the U. S. Navy, having been promoted last week to the rating of electrician's mate, third class, upon graduation from the U. S. Naval training school for electricians at Iowa State college, Ames, Iowa.

Included in a class of 193 blue-jackets, 107 of whom were given advancements to petty officer ratings, Frost has completed 16 weeks of study in mathematics, electrical theory and wiring and laboratory work.

He earned selection to the school by making high grades in a series of aptitude tests taken during recent recruit training.

## Rex Colbert is Now Stationed in Texas

Rex Colbert, owner and operator of the Rancho stables here for four years, is now stationed at North Camp Hood, Texas, according to word received from him here this week.

soon marry Miss Ruth Spangler of Parkridge, Wis.

Lt. Alred E. Assalino and Miss Margaret Turner of San Francisco were married this week. Part of their honeymoon was spent in Mike Lyman's in Hollywood.

### IN MOUNTAINS

The 73rd squadron almost en masse descended upon Idyllwild atop the San Jacinto mountains Sunday for an outing. They took along their own chow and soft drinks, played baseball and tug-of-war and took short hikes.

Not only was it a great source of fun, but it was a hard day's exercise gained in a pleasant way.

Officers who attended were: Capt. J. A. Sloman, adjutant; Capt. John J. Jarvis, Lt. H. S. Hutchins and Lt. Dale J. Haugan. 1st Sgt. Ernest L. Berry led the non-coms.

### SWIMMING SOON

There should be plenty of swimming by our men from now on. The pool on the post is nearing completion and in addition, Lt. Paul Butler completed arrangements with F. S. Markhal, owner, and Roy Gammill, manager, to use the Smoke Tree ranch plunge.

It's a spacious pool and on week days will be used for regular swimming training and on Sundays will be open all day for recreational swimming by the enlisted men.

The pool will also be open evening for groups, but groups must be more than 20 men, according to Lt. Butler.

### STAMPEDE IS ON

Headline in a recent issue of "Communicue," weekly newspaper at Camp Livingston, La., according to YANK, read as follows: "Officers May Now Bathe With Nurses When Chaperoned."

Pay Telephone Bills before the 30th and receive your discount.

## His Big Moment Is Going to Be Stroll Down Drive Here

Harry Harlow, U. S. N., son of Mr. and Mrs. Harry Harlow of Harlow Haven Solano court, 175 El Alameda, writes to The Sun that the Big Moment in his life will be when he can stroll down Palm Canyon drive again.

"I imagine Palm Springs has changed quite a bit in appearance since I left it 13 months ago—and I'm looking forward to the day when I see it again. At present, that idea seems rather vague," he wrote.

"It's hard to say on paper the enjoyment this sailor gets from reading the Desert Sun and getting the news of people he knows or knows of.

"I wish you continued success in keeping Palm Springs service men supplied with the local news."

## Richard Haas Says He'll Trade Navy For Palm Springs

Richard W. Haas, U. S. N., well known Villager, writes that:

"Navy life is about as expected but will trade same for Palm Springs as soon as Uncle Sam permits. I most certainly miss my many friends there and look forward to the day when I shall return."

Mr. Haas has been advanced to the rank of Petty Officer. He is now stationed at Norfolk, Va.

Since leaving the Village to join the navy he has seen a lot of country, he said. He started at the south end of the Pacific coast and then was transferred to Washington state. From there his latest move was to Virginia.

## Two New Arrivals Join Torney Staff During the Week

Two new arrivals were listed on the staff of Torney General Hospital this week.

Captain Donald B. Slocum, orthopedist, was one of the recent arrivals. Mrs. Slocum accompanied him to Palm Springs.

The other new officer is Lieut. Robert G. Livingston, of the medical administrative corps.

Pfc. Fred Ayala, Villager of long standing and well known here, is now at the army camp at Colorado Springs, he informed friends here this week.

## What You Buy With WAR BONDS

Prevents the "Bends"

Before our fighting pilots take to the air for stratosphere flying they must be "sued-up." To do this the pilot just before he takes off pedals a stationary motor driven bicycle to reduce the amount of nitrogen in his blood. Otherwise gas bubbles would collect in his blood stream.

The stationary bicycle is an inexpensive piece of equipment, but the vast quantities of this and other materials of war make it imperative for all of us to keep our fighting men well supplied by greater and greater purchases of War Bonds.

U. S. Treasury Department

## Announce Awards And Promotions at Local Air Field

Promotion of officers and enlisted men, awarding of good conduct badges and theaters of operations ribbons, designation of aerial engineers and assignments of officers comprised part of the administrative activity at the 21st Ferrying Group, Ferrying Division, Air Transport Command, at the local army air field, it was announced by Lt. Col. Andrew B. Cannon, commanding officer.

Named air crew aerial engineers were M-Sgt. Douglas C. Reiter, T-Sgt. John N. Horn, Harry C. Jones, S-Sgt. Vincent E. Thomas, Clifford R. Timberlake, Dwight G. Williams and James E. Wilson, Sgts. Roy W. Bobbs, Edward J. Nolan, Bernard J. Vanderheyden and Vernon L. Wade, Cpls. Earl A. Gilbert, John P. Gilgut and Ben Koehn.

### BADGES AWARDED

The good conduct badge was awarded M-Sgt. Jack O. Mittan, T-Sgt. Don R. Dennis, Peter P. Artale, Gene R. Bowman, and Timothy L. Donovan, S-Sgts. Donald B. Burris, Glenn K. Cartwright, Ray L. Feuerbacher, John W. Glosson, Ray Evans and Benjamin B. Walter, Sgts. Wayne B. Close, Raymond R. Blackwell, Harold G. Bottcher, James A. Cannon, Russell H. Cramer, Edward A. Eliason, Robert S. Felger, Randolph E. Hays, Roy R. Williams and Charles Bellet.

Cpls. Cleve E. Blair, Isaac J. Buckland, Louis L. Burke, Fred W. Cook, Walter R. Duvernois, Dayton M. Helms, Jr., Clifford S. Henderson, Horace Wiley, Edward J. Carney, William Carnessalla and Hoyt Holden, Pfc. John Reiser and Pfc. Kenneth P. Lindley and Howard Van Amburgh.

### SERVICE RIBBONS

Ribbons for service in war theaters were awarded to Lt. Mitchell J. Frankovich, Lt. Charles F. McNamara, Lt. Morton Berkowitz, and Lt. Nicky D. Patterson, Jr.

Army Air Force technician badges were awarded T-Sgt. Don R. Dennis, Sgt. John P. Kelly and Cpl. Michael E. Delfield.

Sent to take examinations for air force cadet training were Pvt. Thomas F. Crean and Pfc. Ralph J. Macri.

Officer assignments included Lt. William H. Dendle, theater officer; Lt. William T. Langhahr, group communications; Lt. Joseph W. Caraway, group recruit training; Lt. August H. Bolinsky, assistant property officer; Lt. Warren S. Treadwell, commanding officer of quartermaster detachment and assistant storage and issue officer; Lt. Guy O. Gwyn, Jr., assistant factory acceptance officer; Lt. Elmer J. Brady, transportation; Lt. Joseph S. Ferrari, automotive; Lt. William J. Hamilton, assistant group statistics; Lt. Henry J. Fowler, group statistics; Lt. Andrew W. Hood, range officer; Capt. Jefferis Stetson, flying safety officer, and Lt. Donald C. MacFayden, assistant A-3.

### PROMOTIONS MADE

Officers who were boosted in rank level were:

To first lieutenants: Edward W. Belt, William H. Bold, Bruce B. Caulkins, Joseph Casella, Leonard R. Duss, Milton L. Greenberg, Thomas J. Hopkins, Donald H. Kohl, Ralph H. Tiner and Robert L. Wood.

Enlisted men promoted were: To technical sergeant: Peter P. Artale, Richard G. McGill.

To staff sergeant: Gordon S. Plunkett, Gray F. Presnell.

To sergeant: William A. Brady, Jack C. Epperson, Leslie N. Fuller, Randolph E. Hays, William G. Kuehn, Raymond E. Moyer, Manuel J. Perry, Jr., Walter T. Proctor, Edward H. Wittenberg, August I. Licourt.

To corporal: John G. Popino, Claude J. Adkins, Jr., Moe M. Fierstein, Lawrence B. Hargrave, Sidney I. Myers, John J. Phillips, Benjamin O. Picklesimer, Lawrence W. Rowe, Milton F. Spangler, Albert M. Valvo, Joseph P. Vettorino, Robert E. Wiseman, Curtis E. Wayne, Alfred B. Lancaster, Donald K. Sadler.

To private first class: William N. Davies, Howard C. Stoffer, Alfred Lowenthal.

"Waiter, these are very small oysters."  
"Yes, sir."  
"And they don't appear to be very fresh."  
"Then it's lucky they're small, ain't it sir?"

## TORNEY GENERAL HOSPITAL EVENTS

News of the Enlisted Men of the Medical and Quartermaster Detachments at Torney Army General Hospital, Palm Springs  
Cpl. William Willard

### RED SKELTON HERE SATURDAY

Red Skelton, radio, stage and screen comedian, will make his initial appearance at Torney on Saturday night, July 24th, at 7:00 o'clock, in the garden west of Ward A. He will be accompanied by a few members of his radio troupe.

Red Skelton is an Indiana boy,

stands about six two according to Army measurements, and will soon be dog-tagged and sent out to go along with a gun instead of a gag. He has generously offered to make the rounds of this region Saturday night to entertain the patients and personnel of this post and of the Army Air Base.

### SUCCESS STORY

The Registrars of Torney give us a success story. In seven months, from Private to Master Sergeant, Raymond White has been a good example for all enlisted men. An the surprising thing about it is that he has been doing work foreign to his pursuits in civilian life. We like men who, with work piled high about their shoulders, can still maintain a sense of humor, and M-Sgt. White's sly humor plays about that busy office with the result that its efficiency rating is tops.

### SUNDAY SYMPHONY

Symphony Under the Stars will present the Concerto in F by the late George Gershwin on next Sunday night at 7:00 o'clock in the garden west of Ward A. This modern American work, considered to be Gershwin's finest, will be heard on records played by Oscar Levant with Andre Kostelanetz and the N. Y. Philharmonic Orchestra. Mr. Levant is widely known as a soloist, and was one of Mr. Gershwin's closest friends. Other selections to be heard will be the Toccata and Fugue in D Minor by Bach, orchestral transcription by Stokowski; and the Symphony No. 2 by the late Sergei Rachmaninoff.

### LIVELY PACE

The 737th and 742nd Sanitary Companies of Torney General Hospital keep up a lively pace. The 742nd went on a night hike recently. They didn't go far, but they had a lot of fun. They enjoyed it because it was something different. The following morning found a lot of sore feet and men on sick call.

The 737th went on their first night march since being assigned to details in the hospital, and the boys took it like real soldiers. It reminded one of them of the man who was falling; it was all right coming down, but oh! when he landed. "Well, the march was O. K. going out," he says, "but coming back we caught it. Our C. O., Lt. Tchirkow, decided to show the gang that he could still walk, and took the lead with Lt. Gardman and 1st Sgt. Henry T. Mason—and they really brought the Company in. As Pvt. Tolliver put it, "We were on 'em'."

1st Sgt. Jackson of the 742nd got a group of boys together and entertained the two companies with some very fine melodies, and everyone enjoyed their singing. Imagine Sgt. Jackson, a nightclub wonder, singing spirituals in the Army.

### BALL TEAM HOT

"On em! On em! Get em! Get em!" This is the new war cry of the softball team of the 737th. With four straight wins under their belts and looking better every game, these fellows are looking forward to a perfect season. They defeated the Torney Enlisted Men last Thursday by a score of 4-2. This was one of the most gruelling games they have played, and featured a pitching feud between 737th Sgt. Jamison and Torney's Cpl. John Leslie. 737th finally won out after a hard seven inning game, and they are now looking forward to playing the Night Flyers.

The 742nd topped the Airport team with 28-7 score.

### GOING NICELY

The Civilian Girls bowling league of Torney is running along smoothly under the direc-

tion of Herbert Haas. The newly established team from Headquarters won the honors of high series with 1703. Medical Supply No. 1 was on the losing end with 1310. Military Personnel's 1630 topped the 1487 score made by Quartermaster; Engineers with 1497 to Medical Supply No. 2's close 1411. Another close and exciting game was Provost Marshal's 1654 to Dietetics 1628. Military Personnel is in first place with no losing games to date. Mildred Colling's 150 game was high for the evening. Helen Riddle of Engineers ran second with 136. The women who have never bowled before are improving so rapidly that the old timers seem a little worried and shaky. During the week days more and more individuals may be seen getting in a little practice.

A fisherman got such a reputation for stretching the truth that he bought a pair of scales and insisted on weighing every fish he caught in the presence of a witness.

One day a doctor borrowed the fisherman's scales to weigh a new-born baby. The baby weighed 47 pounds.

"S" Valid July 18.  
"T" Valid July 25.

Tire Inspections—A-book cars next deadline September 30. B-book cars, next deadline, Oct. 30. C-book cars, next deadline, August 31.

Pay Telephone Bills before the 30th and receive your discount.

## Gas Company Puts Out Two Books on Food Preservation

Two rather complete little booklets on home preservation of foods are being offered free to its customers by the Southern California Gas company.

One is entitled "The Home Canning of Foods" and takes up pressure cooking canning, processing in a boiling water bath, oven canning, home bottling and canning of fruit juices and the making of pickles and relishes.

Under the pressure cooker method are instructions on vegetables, meats, fish, poultry and rabbits. Instructions on many fruit juices not commonly processed by housewives are included in the section on fruit juices.

Included are, in addition to tomatoes, apples, apricots, berries, cherries, citrus fruits, grapes and plums.

Complete instruction for drying fruits and vegetables are contained in the little booklet on "The Home Drying of Foods." It is well illustrated so the housewife will have no difficulty in understanding it. Housewives, reading it, will be surprised to learn how easy it is to dehydrate vegetables in the oven of a gas range. Instruction for packaging and storing the vegetables are also contained in the booklet and the method of restoring and cooking them.

The booklets have been prepared by the home service department of the Southern California Gas company and customers can secure them by calling at the local Gas company office at 1534 North Palm Canyon drive, said Howard Olsen, local manager.

"Why so out of sorts, Jones?"

"Oh, I've had a very trying day. My office boy tried that old one about wanting the afternoon off to attend his grandmother's funeral and I decided to teach him a lesson, so I said I would go with him."

"Well, was it a good ball game?"

"It wasn't a ball game at all. It was his grandmother's funeral."

## Legal Notices

IN THE JUSTICE COURT OF RIVERSIDE TOWNSHIP, COUNTY OF RIVERSIDE, STATE OF CALIFORNIA  
SUMMONS  
Action No. 4278

JAMES F. McDILL, as Deputy, Division of Labor Statistics and Law Enforcement, Department of Industrial Relations, State of California, Plaintiff, vs. LOIS KELLOGG, Defendant.  
THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETING TO: Lois Kellogg, Defendant.

The above named Plaintiff, having brought action against you in the Justice Court of Riverside Township, County of Riverside, State of California, by filing a complaint (copy of which is required to be served herewith):

YOU ARE HEREBY DIRECTED to appear and answer (in writing) the said complaint within ten days (exclusive of the day of service) after the service on you of this Summons, if served within the County of Riverside, and within thirty days if served elsewhere. And you are hereby notified that unless you so appear and answer (in writing) said complaint as above required, said Plaintiff will take judgment for any money or damages demanded in the complaint, as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Given under my hand and seal this 19th day of May, 1943.  
(SEAL) R. A. MOORE,  
Justice of the Peace of Riverside County, State of California  
Attest, Virginia Vaguirro  
Clerk

NOTICE INVITING OFFERS FOR SALE OF REAL PROPERTY TO SCHOOL DISTRICT

WHEREAS, the Board of Trustees of the Palm Springs Union High School District proposes to purchase for school purposes one parcel of land containing ten (10) acres, more or less, situated in the City of Palm Springs, County of Riverside, State of California, and described as the South three-quarters (¾) of Lot 27, in Section 13, Township 4 South, Range 4 East, S. B. B. & M., as shown by Map of the Valley Colony Land recorded in Book 14 of Maps, at page 652 thereof, records of San Diego County, California;

NOW, THEREFORE, the owners of real property situated in juxtaposition to the said high school lands are invited to make sealed offers for the sale of one parcel of land, containing ten (10) acres, more or less, to the Palm Springs Union High School District. Each offer shall contain a legal description of the lands offered for sale, the acreage contained therein, and the price for which said lands are offered. All expenses of sale, including escrow charges, shall be borne by the seller who shall also furnish a policy of title insurance in the name of the High School District.

NOTICE IS HEREBY GIVEN that, on the 4th day of August, 1943, at twelve o'clock noon, the said Board of Trustees will meet at Palm Springs High School, in the City of Palm Springs, County of Riverside, State of California, and will at that time consider offers for the sale of one parcel of land containing ten (10) acres, more or less, to the Palm Springs Union High School District, for school purposes.

The Board of Trustees reserves the right to reject any and all bids.

BY ORDER OF:  
BOARD OF TRUSTEES OF PALM SPRINGS UNION HIGH SCHOOL DISTRICT

## Collection of Kitchen Fats For War Effort Improving Here But Still Not What It Should Be Says Salvage Chief

Backing up pre-invasion booming of big guns along the Mediterranean, the flow of raw materials to U. S. munition factories spurred last month as Southland housewives sharply stepped up their turn-ins of kitchen grease.

Southern California butchers shipped to the war factories nearly half a million pounds of waste fats—enough to fire 1,250,000 anti-tank shells or 5,000,000 rounds of .50-calibre machine gun ammunition.

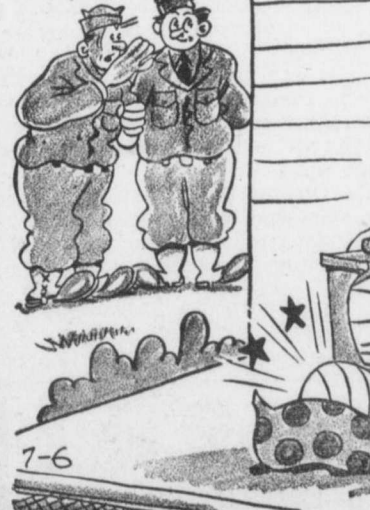

### IMPROVING SLIGHTLY

Collection of kitchen fats in Palm Springs is improving slightly, said Walter Illick, chairman of the local salvage committee, but there is still room for more improvement. Local housewives are urged to take their kitchen fats to any of the local markets.

The WPB figures released today disclosed Southern California's total of 482,067 pounds was 107,560 pounds higher than in May, but it equalled only 67.5 per cent of quota.

Zack J. Farmer, WPB General Salvage Chief, who prepared the report from data submitted by all Southern California fats rendering firms, wrote local salvage officials as follows:

"Through concerted efforts during the past three months, we have improved a very bad situation. Our big job now is to hold this gain against the natural tendency for collections to sag during the summer heat."

"Mules have no respect for rank—The old man kicked Pete, the mule, and Pete kicked back."

## Mrs. Neustadter Undergoes Surgery

Mrs. L. W. Neustadter, who has spent many winters in Palm Springs, and is well known here, underwent major surgery three weeks ago at a hospital in Hollywood and is recuperating rapidly. She and Mr. Neustadter moved to Hollywood shortly before she entered the hospital and expect to remain there for the summer months but hope to return to this area this fall.

### ing the summer heat.

WASTE IS A SIN  
"Waste of kitchen fats and grease is a sin . . . it's like slapping a soldier in the face. He needs the ammunition that grease will provide

"Remember that one pound of grease has glycerine enough for half a pound of dynamite—and that every one of those big pieces of artillery, in a hot action, will shoot away its own weight of ammunition in an hour!"

"It will take plenty of shells, depth bombs, and block-busters to blast our way to Berlin. Firing of our artillery on the front begins with collection of waste fats here at home."

## Patrons at Welwood Murray Library Up Almost 25 Per Cent Over Previous Year Is Report By Librarian to City Council

According to the annual report of Miss Dorothy L. Bear, city librarian, patronage at the Welwood Murray Memorial library was up almost 25 per cent in the year ending June 30, 1943, over the year ending June 30, 1942.

There were 39,682 books loaned in the last fiscal year as against 31,155 in the previous fiscal year, a gain of 8,527 for the year just ended.

A total of 4976 borrowers was listed for the year by Miss Bear, 4289 adults and 687 juveniles. This represents a gain of 1922 over the previous year.

On the shelves of the library at the close of the fiscal year were 5,707 books, 4,972 adult books and 740 juvenile books.

Miss Bear reported that six newspapers and 32 periodicals are received by the library.

## Mrs. Ralph Clock Is Reappointed to City Health Group

Reappointment of Mrs. Ralph Clock as a member of the board of the Health Center, by Mayor F. V. Shannon was confirmed by city council Wednesday night. Mrs. Clock's term on the board expired this year.

The appointment was made following reading of the annual report of the Health Center, prepared by Mrs. Madge Holderman, public health nurse, to the council.

Mrs. Holderman reported on the clinics which have been held once a month since last September and which were discontinued for the summer months of July and August. They will be resumed next September. She also detailed the many activities of the center, including the blood bank visit here when 58 persons donated blood, the classes in home nursing and various other public health steps.

State and county aid is given the center.

## Mayor Urges More Speed in Planning For Fall Campaign

Mayor F. V. Shannon, appointed temporary chairman of the Palm Springs unit of the California War Chest, Inc., reiterated his plea to heads of all organizations planning war relief drives or other fund campaigns, to contact him so that an early meeting to organize the local unit may be held.

The mayor pointed out that only one drive will be held this fall and that all organizations planning to take part, should start plans now.

The coordinated fund drive is slated for October 12 to Nov. 30.

## County Is Included On 48-Hour Week Area

Riverside county is included in the new war manpower commission establishing the 48-hour week in five southland counties.

Establishments with less than eight employees, agriculture, youths under 16 and persons who cannot work full time, are exempt.

## Hotel for Women Provided in New Downtown Location

Offices in the Carnell building have been remodeled and redecorated into a woman's hotel as part of the Plaza project, Maj. Robert Ransom of The Plaza, in town on a brief business visit, announced this week.

Also, the Plaza Lodge for Women and the Plaza Men's Lodge, as the Plaza bungalows have been redecorated and refinished and air-conditioning has been installed.

These living quarters cater to military personnel and to civilian personnel employed at the local military establishments.

## Crandall Sells

(Continued from Page One)

then. He operated the Palm Springs Stage and Express line continuously carrying passengers and freight to the Palm Springs depot. In 1941 he sold the passenger end of the business to the Tanner Motor Livery and last week disposed of the freight and express franchise to the Railway Express company.

Mr. Crandall's plans for the immediate future are rather indefinite but he does know that he and Mrs. Crandall are first going to take a nice, long vacation.

## Pilot Will Tell

(Continued from Page One)

relationship he found with God as a result of his ultimate escape from death.

Lt. Walter L. Farris, Post Chaplain, who made the arrangements for Lt. Whittaker's talk, has revealed that the flyer plans to become a boys' counselor after the war.

Lt. Whittaker's talk will be given at the evening service, beginning at 7:15 o'clock, and it will be open to the general public of Palm Springs and area. The Post chapel is located just outside the field gates.

## ANNOUNCE SERVICES

Lt. Col. Andrew B. Cannon, commanding officer, will deliver the chapel dedication and the 23rd Psalm will be read by Chaplain Ralph E. Smith of an Ordnance Battalion at Palm Village.

Chaplain Farris' Sunday morning worship, which starts at 9 o'clock will be on "On Jordan's Stormy Banks." Sgt. Irving Arluck will be at the piano both morning and evening and Pvt. Ralph Zellers will lead the singing at both services.

A community hymn sing is held in the chapel from 7:15 to 8:15 each Wednesday night. Starting this week, afternoon vespers will be held at 2:30 Sunday afternoon for men who work in the mess halls. Jewish services are held at 9 a. m. Saturday in the old mess hall, under the direction of Rabbi Judah Katz. Transportation is furnished Catholic worshippers to attend mass in town each Sunday morning at 7.

## Dunes Cafe To Open Again Next Monday

The Dunes Cafe, 238 North Palm Canyon drive, will re-open next Monday, newly decorated, with new rugs and drapes and finished in the South American way, Neach Faerman said today.

Workmen have been busy day and night since the popular cafe closed last Monday, getting it into shape for next Monday's re-opening.

Director: "I've watched your acting, and I think you ought to take up writing."

Aspirant: "You mean writing for the theater, of course?"

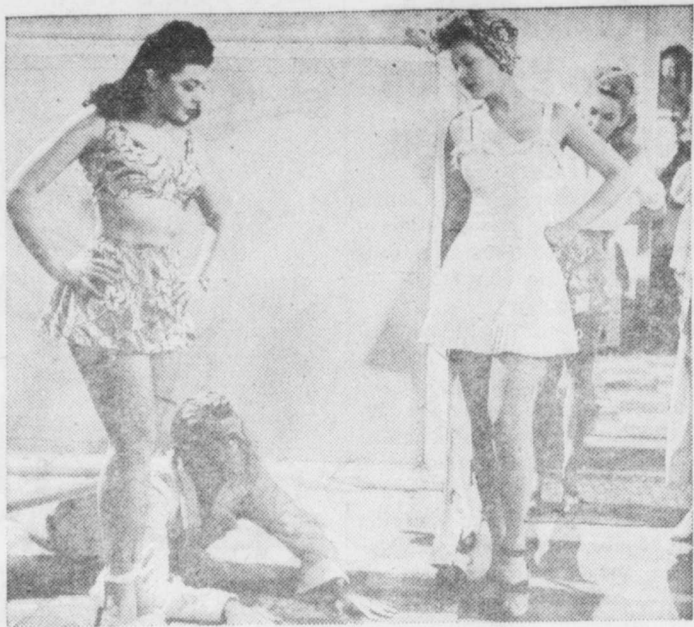

Director: "No, writing home for money."

## Maj. Rob't Ransom Conditional Dance Permit Is Granted Del Tahquitz Hotel

Major Robert Ransom, prominent Village realtor and operator of The Plaza, now with the United States army, yesterday concluded a busy three-day visit to Palm Springs and returned to his base at Marana field, air base near Tucson, Arizona.

Major Ransom came here for a three day visit but found life as busy here for him with the affairs of The Plaza as it is in the Army where he holds many responsible assignments. He is fiscal agent for the post, chairman of the board of governors of the Officers' Club there, a member of the board of court martials and service court officer.

## URGES COMMITTEE

Major Ransom declared he believed Palm Springs would benefit by the organization of a Civilian Coordinating committee to work with the military posts here. He said that such a committee had done a great work in other communities.

He said he was also struck by the laxity among enlisted men and junior officers here in regard to military courtesy in the matter of uniforms, condition of uniforms and saluting. He said laxness is discipline lowered morale.

## UPPED MORALE

He said similar conditions prevailed in Tucson, visited by soldiers from two posts until a general order came to town. Things changed rapidly and as discipline went up, so did morale.

Tucson, he said, was slightly warmer than Palm Springs, a little breezier with about the same humidity.

Major Ransom left for Marana field yesterday afternoon.

## Garbage Collection Minimum Set at 3 A Week By Council

City Attorney Roy Colegate was instructed by city council Wednesday evening, on motion of Councilman Philip L. Boyd, to prepare a resolution changing the minimum trips of waste disposal department collectors to three times per week, instead of two.

The change was recommended by Ray Sorum, director of public works, who called attention to the large increase in summer population here. Heretofore, there have been two systems of garbage collection, one twice a week at a monthly rate of \$1.00 and the other, three times a week at the rate of \$1.50 per month.

Under the new plan, all will be on the three-times-a-week schedule at the rate of \$1.25 monthly.

## City Planners Get USO Sign Request

Application for the U. S. O. for six directional signs in various sections of the Village pointing the way to the Hospitality House on Tamarisk Road, was presented to city council last night and referred to the Planning Commission.

One of the signs sought is a neon sign to be erected either on Palm Canyon drive or before the USO on Tamarisk road.

He: "Will you be my wife one day?"  
She: "Not even for one hour."

## "Call Me Cowboy" Says McCann After Eight-Hour Jaunt

Maurice McCann, Village Los Angeles Times agent, is living the life of O'Reilly at Jordan Hot Springs in the Sierras country back of Lone Pine. Listen to this: "Went fishing today for three hours — caught 15 nice Golden trout—will eat them for breakfast."

McCann is staying at the summer camp owned by Clarence and Elmo Purnell in the Mt. Whitney country.

"Sure is a beautiful country," he writes. "The Purnells have a nice camp here. Clarence and I leave in the morning for an eight-day pack trip. We will fish some of the finest streams and take in the country. Will also ride to the top of Mt. Whitney and write our names in the book the government keeps there for tourists to sign."

"It is cool here. We sit around the fire each night. Feels good. "Eight hours in the saddle yesterday. Hereafter, just call me Cowboy McCann."

Employer: "Anything you can do better than anyone else?"  
Applicant: "Yes. I can read my handwriting."

Mr. Smith—Why, I wouldn't cash a check for my own brother.  
Mr. Jones—Well, you know your family better than I do.

A dance permit was granted to the Del Tahquitz hotel for night dances providing the hotel meets all recommendations of police, fire and building departments.

The application was presented to council Wednesday evening in a communication from Mrs. Wilberta Lipps, proprietor.

Chief of Police Lyle J. Sanard declared his department was satisfied with conditions and Director of Public Works Ray Sorum reported on some changes that would be necessary before the permit should be granted. He and Fire Chief Bill Leonosio had inspected the premises, he reported.

The conditional permit was then voted.

## DeVine's Market Is Re-Opened Today at Amado and Indian

Re-opened after being closed since June 19, DeVine's market, at the corner of Amado road and Indian avenue, came back into the local food picture at 10 a. m. today, easing the situation to a great extent by providing another market for Villagers.

During the period the market was closed, Mr. and Mrs. Johnny DeVine enjoyed a well-earned rest, saw to it that the store was stocked to the limit with food items and took a hand in remodeling and rearranging the interior for the great convenience of their customers.

## Desert Training Center Subject of Article in "Time"

Desert Training Center, vast proving ground for United States soldiers, stretching over most of the southland but centering in the area just east of Palm Springs, was the subject of an interesting article in a recent issue of "Time" magazine.

After detailing operations there the article closes with the statement of an officer: "After taking the D. T. C. a soldier is ready for anything."

## Dates for Drivers' Examinations Given

Palm Springs motorists whose drivers' licenses are about to expire were advised by the Chamber of Commerce and the police department that inspectors from the state motor vehicle department are at Banning on the first and third Wednesday of each month and at Indio on the first and third Thursday to give drivers' tests.

Hours at both stations are from 10 to 12 noon and from 1 to 3 p. m.

## Charles Paddock Is Killed in Crack-up

Charles Paddock, first to hear the title of "Fastest Human," and five others, were killed in an airplane crash near Sitka, Alaska, the navy disclosed this morning. Paddock has many friends at the local air base.

## Blazing Incinerator Calls Out Firemen

A blazing incinerator which aroused the fears of neighbors called the local fire department to Cafe Encilia in the Santa Rosa tract at 8:41 last night. No one was home at the address so the department subdued the flames and returned, in short order.

TEXAS, AGAIN — Roy Rogers and Shelia Ryan in "Song of Texas" at the Palm Springs Theatre July 29 and 30.

## Prominent Riversider Missing in Yosemite

Emerson Holt, vice president of the Riverside Title company and well known to many Villagers, is reported missing in Yosemite Valley.

With a party of 20 members of the Los Angeles division of the Sierra club, he left Camp Curry on a 13-mile hike Monday. He has not been seen since although a large searching party is seeking him.

"I've got to discharge that chauffeur of mine—he's nearly killed me four times."  
"Oh, give him another chance."

Bill: "Hello, Joe. Do you know what the genius said to the moron?"  
Joe: "No—what did he say?"  
Bill: "Hello, Joe."

## Realty Continues To Sell Briskly in Palm Springs

Realty activity continued brisk in Palm Springs according to filings at the county court house.

Last week several residence properties changed hands. Biggest transaction involved the sale of four lots improved with residences at the intersection of Indian Trail and Camino Parocela.

Mr. and Mrs. Harry P. Forrest sold the property and Mr. and Mrs. Gilbert W. Smith were the purchasers. All are residents of Palm Springs.

Mrs. Effie S. Banks purchased the residence at 354 Valmonte del Sur from W. E. Thiele of Montecito.

All of the deals were filed by the Riverside Title company.

Suspicious: "Have you had any stage experience?"  
Ambitious: "Well, I had my leg in a cast once."
